

**ANKARA UNIVERSITY**  
**INSTITUTE OF NUCLEAR SCIENCES**  
**IN THE FALL SEMESTER OF THE 2023-2024 ACADEMIC YEAR**  
**STUDENT APPLICATION WILL BE RECEIVED FOR**  
**HEALTH PHYSICS MASTER'S DEGREE PROGRAM WITH THESIS,**  
**HEALTH PHYSICS ENGLISH MASTER'S DEGREE PROGRAM WITH THESIS, MEDICAL PHYSICS PhD**  
**PROGRAM**

Application Date for Graduate Programs	03- 12 July 2024
Scientific Evaluation Exam Date and Place (For All Programs)	July 18, 2024 10:00 AM Ankara University Institute of Nuclear Sciences
Announcement date of the ranked candidates	26 July 2024
Candidates' Documents Required for Registration, Upload Dates to OBS System	29 July - 02 August 2024
Final registration date	29 July - 02 August 2024
Announcement date of reserve candidates	06 August 2024
Final Registration date for reserve candidates	08-09 August 2024

<b>ANKARA UNIVERSITY</b>							
<b>INSTITUTE OF NUCLEAR SCIENCES</b>							
<b>2023-2024 ACADEMIC YEAR SPRING SEMESTER GRADUATE PROGRAMS-ALES/FOREIGN LANGUAGE SCORES</b>							
<b>Name of Graduate Program</b>	<b>Type of Graduate Program</b>	<b>cGPA</b>	<b>ALES Score</b>	<b>ALES Type</b>	<b>Foreign Language Score for Turkish Students (YDS, YÖKDİL or international exam equivalent score accepted as equivalent by ÖSYM.)</b>	<b>Foreign Language Score for Foreign Students (YDS, YÖKDİL or international exam equivalent score whose equivalence is accepted by ÖSYM.)</b>	<b>Number of students to be accepted</b>
<b>Medical Physics</b>	Phd	2.75/4.00	70	SAY	55	55	<b>5 TURKS, 3 FOREIGN</b>
<p>Note 1-For Turkish national candidates; A master's degree in Health Physics, Medical Physics, Radiotherapy Physics, Diagnostic Radiology Physics, Nuclear Medicine Physics, Nuclear Energy Engineering, Physics or Physics Engineering is required.</p> <p>Note 2-For foreign national candidates; A master's degree in Health Physics, Medical Physics, Radiotherapy Physics, Diagnostic Radiology Physics, Nuclear Medicine Physics, Nuclear Energy Engineering, Physics or Physics Engineering is required.</p> <p>Note 3- In the application and acceptance of foreign national candidates and Turkish citizens who have completed their entire undergraduate education abroad to our Institute's graduate programs; ALES score will not be required, provided that they graduate from undergraduate programs whose equivalence is accepted by the Council of Higher Education. In applications to programs where the language of instruction is Turkish, the requirement is to have passed Ankara University TÖMER's Turkish Proficiency Exam at C1 level.</p>							
<b>Health Physics (TÜRKÇE)</b>	MSc	2.00/4.00	60	SAY	50	50	<b>20 TURKS, 10 FOREIGN</b>
<p>Note 1-For both Turkish and foreign national candidates; It is required to graduate from university engineering departments, Physics, Chemistry, Biology, Astronomy and Space Sciences or Astrophysics undergraduate programs.</p> <p>Note 2 According to paragraph f of Article 9 of the Law No. 6225 dated 06.04.2011, the diplomas of those who have completed the relevant Health Physics Thesis Master's program on Physics, Physics Engineering or Nuclear Energy Engineering education are approved by the Ministry of Health as "Health Physicists" within the framework of the relevant legislation and They gain the right to work in the Medical Sector as "Health Physicists".</p> <p>Note 3-Foreign national candidates and candidates who are citizens of the Republic of Turkey and have completed their entire undergraduate education abroad, in their applications and admissions to our Institute's graduate programs; ALES score will not be required, provided that they graduate from undergraduate programs whose equivalence is accepted by the Council of Higher Education. In applications to programs where the language of instruction is Turkish, the requirement is to have passed Ankara University TÖMER's Turkish Proficiency Exam at C1 level.</p>							
<b>Health Physics(English)</b>	MSc. (English)	2.00/4.00	60	SAY	65	65	<b>15 TURKS, 12 FOREIGN</b>
<p>Note 1- For both Turkish and foreign national candidates; It is required to graduate from university engineering departments, Physics, Chemistry or Biology undergraduate programs.</p> <p>Note 2- According to paragraph f of Article 9 of the Law No. 6225 dated 06.04.2011, the diplomas of those who have completed the Health Physics English Thesis Master's program on Physics, Physics Engineering or Nuclear Energy Engineering education are approved by the Ministry of Health as "Health Physicist" within the framework of the relevant legislation and They gain the right to work in the Medical Sector as "Health Physicists".</p> <p>Note 3-Foreign national candidates and candidates who are citizens of the Republic of Turkey and have completed their entire undergraduate education abroad, in their applications and admissions to our Institute's graduate programs; ALES score will not be required, provided that they graduate from undergraduate programs whose equivalence is accepted by the Council of Higher Education. Note 4- In accordance with the first article of the decision of the Ankara University Senate dated 25.05.2023 and numbered 604/5595, in applications to programs that provide education in a foreign language, those who have completed their</p>							

entire undergraduate/graduate education in the foreign language required for the program they are applying for (provided that they provide documentation) will be considered exempt from foreign language use. is given.

[CLICK](#) for our institute's student quotas and admission conditions

1. [CLICK](#) for Application Dates and Other Conditions.
2. Applications will be made online at <https://basvuru.ankara.edu.tr/> website.
3. Applications to graduate programs for the fall semester of the 2024-2025 academic year will be made only **online** through the link <https://basvuru.ankara.edu.tr/>, which will be active between 03-12 July 2024.
4. Scientific evaluation exam will be held **face to face**. All candidates who submit a valid application will be taken to the scientific evaluation exam.
5. The security key, which is automatically sent to the e-mail addresses declared by the candidates to the system during the application, must be kept.
6. For final registration, candidates must upload the documents required by the Institute to the system between the final registration dates.
7. The required documents will be uploaded to the system via the document upload button that will be active on the candidates' application screen within the announced document upload dates.
8. The results of candidates who make false declarations, incomplete documents and unsigned forms will be deemed invalid and their final registrations will be cancelled.
9. Applications will be made "online" and applications by mail will not be accepted.
10. The candidate's application will not be valid unless the application is completed successfully by using the "Complete Application" button during the online application.
11. After the online application period ends, no changes can be made to the information entered into the system.

#### **IMPORTANT NOTE:**

- Windows operating system must be installed on the computer that will be used for the application. Mozilla Firefox or Google Chrome should be used as the browser. Pop-up blocker must be turned off. Applications cannot be made or printouts cannot be received due to filterings of some of the public institutions. In such cases, an external computer should be used.
- After the online application, a separate scientific evaluation exam call list will not be published. All applicants will be able to participate in the scientific evaluation exam.
- Students who apply must print out the online application form after completing their registration through the system.
- The printed online application form with wet signature must be delivered to the Institute Secretary or Student Affairs Chief on the scientific evaluation exam day (July 18, 2024) before taking the exam.
- No documents will be uploaded during the online application, and an online document upload screen will be opened for our candidates who have the right to register after the scientific evaluation exam.
- **Scientific evaluation exam results of candidates who make false declarations, incomplete documents and unsigned forms will be deemed invalid and their final registrations will be cancelled.**

**Candidates must apply to the programs within the deadline. If you encounter any problems while applying, you are kindly requested to contact the Institute immediately (Tel: 0 (312) 212 03 84 Emine ÖZYILDIRIM)**

- Winning candidates must upload the documents required for final registration online to the website <https://basvuru.ankara.edu.tr/> and then send them to the Directorate of the Institute of Nuclear Sciences (Ankara University 10th Yıl Campus Dogol Street Emniyet neighbourhood Beşevler 06100 Yenimahalle/ANKARA) must submit the requested documents in person or by power of attorney.
- Evaluation will be made as ALES (50%), graduation grade point average (20%) and written scientific evaluation exam (30%). As a result of the evaluation, students will be recruited within the quota according to the ranking, among the candidates who have received at least 65 points and above in total for master's programs, and among the candidates who have received at least 70 points and above in total for doctoral programs.
- Graduation GPA must be entered in the hundred percent system. Otherwise, the system does not make calculations. For those who cannot officially document their 100-point system score from the university they graduated from, [YÖK's 100-point](#) system translation table will be taken as basis. (Decision of Ankara University Senate dated 02/06/2020 and numbered 557/4948)

#### **Documents that Turkish National Candidates must submit to the Institute during registration:**

- Signed Online Application Form (1 piece)
- A certified copy of the Diploma or Temporary Graduation Certificate, (certified by the issuing institution or a notary; for documents received from foreign countries, it must be submitted with a notary-approved translation)
